

Tired of sitting in traffic?

SAVE THE DATE!

Have ideas on how to fix I-84?

HELP REBUILD A BETTER I-84 IN HARTFORD!

We want to hear from you!

We need to rebuild I-84 in Hartford. We also would like to reduce traffic congestion and improve safety on the highway, as well as reduce the impacts on the communities it passes through. We have designed some potential solutions that are very different from the highway now. We want to learn which of these ideas can work for you!

Please attend this public meeting!

Wednesday, December 2, 2015, 4 -8 PM, Raymond Library, 840 Main Street, East Hartford

The meeting will begin with an open house session where participants can view project materials. Attendees can view and discuss general information, design plans, and graphics about the project.

A presentation will follow at 6:00 PM, followed by a comment and question / answer period.

We look forward to seeing you!

Visit i84hartford.com for more details on the meetings and project.
Hosted by the Connecticut Department of Transportation.
